2D Video Game Design Full Day

9am-3pm \$375 Grades 3-8
June 27-July 1 and/or July 11-July 15

Create your own Mario-style video game with custom levels, players, sounds, and an epic boss! Will your friends be able to make it through all of your levels?! The only limit is your imagination! No programming experience required. Suitable for grades 3-8. 5 day vacation week program, 9am-3pm. Early drop off (8am) or late pick up (4pm) available for additional fee. Morning and afternoon snacks provided. Students must bring their own lunch.

2D Video Game Design Half Day

9am-12pm \$175 Grades 3-8
July 18-July 22

Create your own Mario-style video game with custom levels and players. Will your friends be able to make it through all of your levels?! No programming experience required. [5 day vacation week program, 9am-12pm. Early drop off (8am) available for an additional fee. A mid-morning snack will be provided.]

Droid Game App Creator Full Day

9am-3pm \$375 Grades 3-8
July 25-29, Aug 1-Aug 5 and/or Aug 8-Aug 12

Designed for kids who love games and outer space! Create game apps to share with family and friends. Using the same tools as app developers (and The Force), we'll teach your student how to create, edit, and add code and graphics to make their own intergalactic game app. Suitable for students in grades 3-8. Show off your creativity to friends and family. We encourage you to take multiple weeks of programs to build your skill set and learn to enjoy bringing your ideas to apps!

CAMP OBJECTIVES

Entrepreneurs, scientists and others have demonstrated the importance of individual creativity by designing, building and demonstrating several crucial inventions for more than a hundred years. Our camps are designed to be the first steps of this process where children acquire problem solving skills with guidance.

ABOUT LOFT

Leaders of Future Technology is based in Nashua, NH where we make technology education fun for students 7-17 with world class Science, Technology, Engineering, and Math (STEM) education programs!

Our summer camp, after school, and vacation week programs are a great way for students to create passion in STEM specialties and build a portfolio of projects so they can gain entry to the best colleges and be competitive for academic scholarships. We also want our students to return to Leaders of Future Technology in high school and college to work as interns!

WHAT TO BRING

- Snacks (half/full day) & Lunch (full day)
- Drinks (water Bottle)
- No Nuts (Nut Free Facility)
